

Brandeis University Union Judiciary

March 24, 2000

The Union Judiciary has found in favor of the accuser, Lex Friedman, in the case of Friedman v. Josh Peck. We hereby push back the election of a Representative to the Alumni Association to the second round of elections. Sign-ups will be in effect until Monday, March 27 at 5PM.

This case was not argued in front of the Union Judiciary, as the Elections Commissioners agreed with the charges levied against them, and decided to not put up a defense.

Thanks to all parties for their time and consideration.
